Present: Dan Kirk, Tom Collins, Jeff Goebel, Jeannie Alm, Warren Wiese

The committee completed scoring the Campus Funded Projects Requests FY09.

There was discussion on options for identifying priorities from the scoring. The projects were scored to include campus wide priority. Preliminarily, the committee considered recommending funding for projects that scored 90 or above and/or projects that must be completed. According to this scenario, funding totals by Division would be:

Student Affairs -	\$135,000
Athletics -	\$149,000
Academic Affairs -	\$108,700
Facilities & Admin -	\$50,000
Totals -	\$445,700

However, it was decided that the committee would meet to finalize their recommendations.

Next meeting is scheduled Tuesday, May 13, 2008 at noon in Owens 207C.

Agenda:
