

Welcome to our New MSUM Employees!

Amanda Citrowske is a Customer Services Specialist at the Box Office. Amanda graduated from MSUM in December 2007 with a BS in Communication Studies and a minor in Community Health. She worked in the Box Office while a student here. Originally from Canby, MN, Amanda recently spent 6 months in London, and would love to go back someday.

Marissa Parmer is a Recreation Therapist at the Wellness Center, and coaches the Dragon Dance Team. Originally from Ohio, Marissa has worked in the private sector as a personal trainer, and has owned her own personal training business. She and her husband have lived in the FM area for 8 years, and have two sons, ages 4 and 6.

Marissa looks forward to the grand opening of the new Dragon Wellness Center this spring, and encourages everyone to come and see the new facility when it opens.

Vicki Draper is a Medical Technologist at Hendrix Health Center. She lives in Fargo with her husband, and has two daughters in college. Before coming to MSUM, Vicki worked at NDSU and at Family Health Care Center. Her hobbies are quilting and reading.

Lisa Pederson is an Office Administrative Specialist in the School of Business. Before coming to MSUM, Lisa worked at Triumph Lutheran Church in Moorhead, both in the preschool and the front office. A native of Moorhead, Lisa lives here with her husband and two sons, ages 10 and 13. She enjoys walking and biking, but only when it's warmer out than it is now!

Teri Obermiller is also a Medical Technologist at Hendrix Health Center. Before coming to MSUM, Teri was a stay-at-home mom with her three daughters, now 17, 19, and 21. She has worked in microbiology at MeritCare, and currently also works a couple of days a month at NDSU's Health Center. Teri and her husband live in North Fargo. In addition to supporting their daughters' activities, they enjoy bowling, snowmobiling in the winter, and spending time at the lakes in the summer.

Lori Schmidt is a Nurse Practitioner at Hendrix Health Center. She was one of the first graduates of the MSUM Master's in Nursing Program. Before coming to MSUM, Lori worked at Family Health Care Center. She still also works part time at MeritCare Fast Track Clinics. Lori and her husband have four daughters, two of whom are in graduate school, one in college, and one a high school senior. Lori likes reading and loves to travel. She says she likes working with college students because they are, on the whole, interested in doing things to promote their own health, and aren't set in their ways yet.

Heather Becher is a Licensed Practical Nurse 2 in Hendrix Health Center. She lives with her husband and 18-month-old son in rural Mapleton. Prior to coming to MSUM, Heather worked at Urgent Medical Associates. She still works part time at PRACS/Cetero Research, and is also taking courses in pursuit of her BSN degree.
