

Symantec Antivirus Corporate Edition Employee Users Acceptance Form

Terms of Use

Symantec Antivirus Corporate Edition software for Windows is available for limited home use to employees of Minnesota State University Moorhead because the university enrolled in the Symantec Value License Program through a special agreement negotiated by the MnSCU system office. The license agreement extends the right to use the software on one computer, which is primarily used for school-related purposes at home, to MSU Moorhead employees. The terms of this license state that you do not own the license or the software media, nor may you make copies of the software media. You may only check out a copy of the software for installation at home. You must remove the software from your home computer if the university does not renew the Agreement or if you terminate your employment at MSU Moorhead.
