

## **Course Information Addendum**

In the event that there is an interruption of the normal operations of our campus due to a natural disaster or public health emergency, the following procedures will be used in place of our normal classroom instructional time:

1. Handouts posted to the course website ([www.mnstate.edu/jamesju](http://www.mnstate.edu/jamesju)) will be used to convey course content. Reading and homework assignments will also be posted to the course website. Official due dates for these assignments will be announced after classes resume.
2. I will hold “Virtual Office Hours” by providing specific times that I will be available online to answer questions about course material.
