

Math 491 - Mathematical Writing  
Writing Assignment #5  
Due: By 4:00pm on Friday, February 22nd

**Instructions:**

You will be given an article to read about a mathematical topic. You are expected to read the article and write about your thought processes while you are reading. Your paper should be no more than two pages and should focus on how you experience reading the paper (a summary of the content of the paper is not acceptable). Describe any difficulties or challenges you encounter while reading, any questions you have, what you would like to know more about, and how you are thinking about the topic in the article.

Grades will be based on how well you describe your reading experience and how deeply you explore your own metacognitive processes.

This assignment is due **by 4:00pm on Friday, February 22nd.**
