**Tips on Access and How to Watch Tegrity Movies**

**From Jasperse web:** Click on link and everything should load. No password required at present.

**Tips while watching:**
1. The bookmarks help you navigate
2. The “thumbnail” chapters also help you navigate.
3. Double clicking on the movie panel makes it go full screen
   - In full-screen mode, you lose the bookmarks, thumbnails, pause, advance, and rewind options.
4. If you click “escape” on your keyboard, you go back from full-screen to the Tegrity default look, which has all the options (bookmarks, rewind, etc.)
5. Search Function doesn’t work on Docucam-recorded words.

**Student Access via Blackboard, using Web-Based Version.**
1. Enter via NDSU Blackboard
   - From [http://www.ndsu.edu/undergraduate/](http://www.ndsu.edu/undergraduate/)
   - Or on bottom under “online services” from [http://www.ndsu.edu/](http://www.ndsu.edu/)
2. Log into Blackboard (need ndsu username and password)
3. Click on course
4. Click “Tegrity Classes” on green left menu
5. Click on “Click here to open your Tegrity sessions list” button
6. Click on movie of interest
7. Click the arrow to begin play from any of the thumbnails

**Automatic Podcast Download:**
1. Get into Blackboard page with all of the movies listed
2. Click on iTunes icon in the upper right
3. Select the course you want to subscribe to, and click the “video podcasts” button.
4. The videos will download into the Podcasts folder in your computer’s ITunes.
   - This downloading is done automatically in background
5. You can then go to your ITunes Podcasts folder, and the lectures will be there.
6. Advantages:
   - If you have a slow network connection, where watching streaming Tegrity movies is problematic with buffering holdups, this can be more practical
   - Once downloaded, you don’t need a network connection to watch.
7. Disadvantage:
   - Because downloaded, it will take up computer memory. I’m not sure on the file size.
   - I’m not sure yet whether the video quality will be as good as in the Tegrity web movies.
