

MSUM Library

honors the 2009 promotion of

Dr. Ananda Shastri

Physics

Hockney, David. *Secret Knowledge: Rediscovering the Lost Techniques of the Old Masters*. Viking Studio, 2006

Professor Shastri chose this book because:

This book makes a bold claim about something that was thought to be well understood in the history of art. It models the type of analytical, interdisciplinary approach to thinking I believe we should all strive for.
