

MSUM Library

honors the 2009 tenure/promotion of

Dr. Timothy Decker

Corrick Center

Danielewski, Mark Z. *House of Leaves*. Pantheon Books, 2007

Associate Professor Decker chose this book because:

*House of Leaves* is a great combination of radical postmodern literary experimentation and captivating storytelling. The experience of reading it was like discovering a mixture of Thomas Pynchon, at his best, and Stephen King, at his best.
