honors the 2009 tenure/promotion of

Dr. Tracy Wright

Nursing

Koerner, JoEllen. *Mother Heal My Self: An Intergenerational Healing Journey Between Two Worlds*. Crestport Press, 2003

Associate Professor Wright chose this book because:

This book opened my eyes to, broadened my understanding of, and led to genuine acceptance of non-Westernized approaches to health care. Journeying with the author through her experience was a gift that enhanced my cultural sensitivity and changed my perspective on life.
