

Course Sequences for Mathematics

Key

- A \longrightarrow B A must be taken prior to B
 A \dashrightarrow B A must be taken either prior to or at the same time as B

NOTE: A course may have more than one prerequisite.

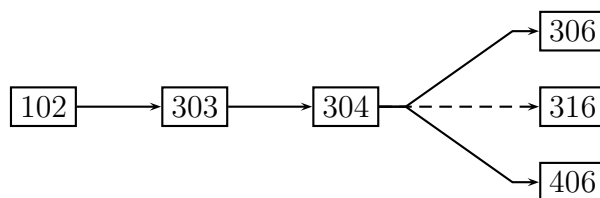

Math Major Courses

STAND-ALONE ADVANCED MATH COURSES: 469 (Internship), 490 (Topics), and 491 (Mathematical Writing). Math 491 requires junior standing in the major.

MATH ED (SECONDARY MATH) MAJORS: Math 316 and Math 416 are also stand-alone courses. Both require junior standing.

Elementary Education Math Specialty

Math 416 is a stand-alone course. It requires junior standing.
