

## B.S. Degree in University Studies Plan

The Bachelor of Science in University Studies is intended as an option for the following students:

- a) A student who wishes to develop a multidisciplinary major built around a chosen theme, or
- b) A student who wishes to complete a generalist degree, or
- c) A student who has completed most, but not all of the requirements of a major, but has been unsuccessful in some required portion of an approved program to complete a degree in a timely manner.

### Requirements

42 credits	MSUM Dragon Core
36 credits	A partial major program or rubric (No more than 30 credits from the areas of Accounting, Finance, Management, and Marketing may be included in the partial major program or rubric.)
21 credits	Additional single rubric course work or an area of concentration
<u>29 credits</u>	Free electives
<b>128 credits</b>	

- Students must meet MSUM graduation requirements including an upper-level writing requirement. The upper-level writing requirement will be (1) upper-level writing requirement of the partial major program or rubric or (2) English 387 - Technical Report writing or (3) CMST 301 - Business and Professional Communication.
- 40 credits of the degree program must be at the 300-400 levels.
- Both the partial major or rubric and the additional single rubric or concentration together, must include courses with at least a 2.0 GPA.
- 30 of the last 60 credits and 8 of the last 12 credits must be earned at MSUM.
- Major may be declared as late as the semester prior to graduation, but not before attaining junior standing.
- Choose an advisor in the area in which you have the partial major program or rubric-36 credits.
- Areas of concentration are proposed by the advisor and student and approved by the dean as a part of the degree program.
- If business is the "partial major program or rubric," it may include up to a maximum of 30 credits in business.
- Student must submit an application for graduation in order to have their graduation processed.

Your advisor may approve this type of major, as long as all the requirements as outlined above are met. The Registrar's office will check, as they do for all degrees, to see that all requirements are completed. The dean's approval is required.
