Application for Graduate Assistantship

Students admitted to graduate degree programs at Minnesota State University Moorhead are eligible to apply for Graduate Assistantships. Two types of Graduate Assistantship awards are made. One is granted solely on the basis of an applicant's qualifications matching departmental or program needs. The other considers academic concerns, but is restricted to students who qualify for the Work-Study program. This assistantship becomes part of your financial aid award. If you have any hope that your financial situation would qualify you for aid under the Graduate Work-Study program, contact the Financial Aid and Scholarship Office.

Other types of student financial aid are available to graduate students. The Financial Aid and Scholarship Office has forms and information about eligibility.

To apply for a Graduate Assistantship award complete the bottom of this sheet and return it to the Graduate Studies Office. We will notify the department you designate of your wish to be considered. You should also talk with the chairperson of the appropriate department so that he or she can learn of your capabilities. Departments nominate students for the GA awards.

Graduate Assistantship awards are made in the summer for the following year. The deadline for applying for Graduate Work-Study is July 31 of the current year. However, awards are made as applications are approved, so early application is recommended. Loan eligibility may be adjusted to accommodate Graduate Assistant Work-Study awards. Graduate Assistants are eligible for resident tuition rate while in appointment.
