Sapling OnLine Homework, version 2012

Getting on when you’ve already enrolled: (see lower down for enrolling at first)
1. Website:  http://www.saplinglearning.com/
2. Login
3. Click on your class
4. If you click on “Activites and Due Dates” in the upper left corner, that will list assignments.
5. Miscellaneous:
   • After you open an assignment, there is an option to “print” it. I like to write on paper and keep my work so I can study it later, for example. However, this will NOT print the “hints” which are often very helpful.
   • You can try a problem as many times as you like. But the scoring will cost you 5% of the points available (per problem) for each incorrect attempt.
   • Jasperse can enter due-date extensions.
   • Take some time with the introduction materials, including the “training assignment” and the “drawing tips and shortcuts” practice problems.
   • You can go back and work on things after they are due. So you can use these as a study tool later on if you wish (or when you’re studying for PCAT or whatever….)

Re-enrolling for Organic II, if you Paid a 2-semester package fee for Organic I
To register for the course for those who purchased the two semester access, find the course. From there, if you paid the 2-semester access, there should be a button that says "Use your Sapling Learning Credit to enter the course" (provided you haven't used the credit on any other courses). Click the button and you should have access.

Enrolling at the beginning
1. Go to  http://saplinglearning.com
2. a. If you already have a Sapling Learning account, log in, click "View Available Courses", then skip to step 3. b. If you have a Facebook account, you can use it to quickly create a SaplingLearning account. Click "create account" located under the username box, then click "Login with Facebook". The form will auto-fill with information from your Facebook account (you may need to log into Facebook in the popup window first). Choose a password and timezone, accept the site policy agreement, and click "Create my new account". You can then skip to step 3. c. Otherwise, click "create account" located under the username box. Supply the requested information and click "Create my new account". Check your email (and spam filter) for a message from Sapling Learning and click on the link provided in that email.
3. Find your course in the list (listed by school, course, and instructor) and click the link.
4. Select your payment options and follow the remaining instructions.  NOTE: Sapling Learning costs $29.99 for a single semester or $49.99 for two semesters. You will be prompted before payment and asked if you would like to purchase two semesters for a discount. You will need to purchase two semesters in advanced to receive the multi-course discount. There is a 14 day grace period to access your courses before payment, and there is a 60 day refund policy. For more information on refunds, visit:  http://www.saplinglearning.com/help/?topic=9

a) Once you have registered and enrolled, you can log in at any time to complete or review your homework assignments.

a) During sign up - and throughout the term - if you have any technical problems or grading issues, send an email to support@saplinglearning.com explaining the issue. The Sapling support team is almost always more able (and faster) to resolve issues than your instructor and TAs.
