

Math 291 – Grading Rubric for Presentation in class
(20 points, there are an additional 20 points for the Beamer and tex files)

Content: (5 points):

Does the content of the presentation connect to Mathematics in some way, and is it at the appropriate level for this audience?

5 4 3 2 1 0

Presentation (15 points):

Is the talk organized appropriately? (gave an intro, segued into the talk, gave some sort of wrap up, etc.)

3 2 1 0

Do you adhere to the time limits (5-10 minutes)?

3 2 1 0

Is the vocal delivery appropriate? (tone, volume, grammar/vocabulary, etc.)

3 2 1 0

Are the eye contact, body language, and other “presence” issues appropriate? (connect with entire audience, not a subset, gestures are complementary to the presentation rather than distracting, posture appropriate, etc.)

3 2 1 0

Do you use the projected presentation appropriately?

3 2 1 0
