

1. Options > Update All > Close

- a. Files should now appear underneath the “completed studies” header on the left.
2. **Must be in default Spectrometer Mode. Hit “Cancel” to get into the default Spectrometer mode**
3. **Under “Mn State”, a “Completed Studies” folder should list recently completed samples. Except, it doesn’t unless the list is updated.**
4. **One application here is if you or a student knows they submitted a sample, but doesn’t remember which node they used.**
