

Suggested 8-week Schedule: For students in the 8-week June 10-August 1 Section

- Geared towards students who are taking just CHEM350-online, starting June 10
- Note: It's really easy to have a plan but then to fall behind.
- I estimate an average of 20 hours-per-week is an appropriate time allocation for a student whose chemistry aptitude is good.

	Using 50-minute MSUM Kaltura Videos https://collaborate.mnstate.edu/public/blogs/jasperse/online-organic-chemistry-courses/online-organic-chemistry-i-350-summer/ or classic: http://web.mnstate.edu/jasperse/Online/Lectures350online.html
Test 1 Monday June 23	<ul style="list-style-type: none"> • Lectures 1-10a • Finish lectures/ACHIEVE/SAPLING by/before Thursday, June 6 • Digest/Practice/Integrate Friday+Weekend
Test 2 Monday July 7	<ul style="list-style-type: none"> • Lectures 10a-22a • Finish lectures/ACHIEVE/SAPLING by/before Thursday, July 3 • Digest/Practice/Integrate Friday+Weekend
Test 3 Thursday July 17	<ul style="list-style-type: none"> • Lectures 22-29b • Finish lectures/ACHIEVE/SAPLING by Sunday, July 13 • Digest/Practice/Integrate Mon-Wed
Test 4 Friday August 1	<ul style="list-style-type: none"> • Lectures 30-38 • Finish viewing lectures by Monday, July 28 • Digest/Practice/Integrate Mon-Thurs

Notes on the 8-week schedule:

- On this schedule you might routinely be going through 6-7 lecture videos (hour-long) per week, plus reviewing them and doing ACHIEVE/SAPLING homework. Then you'd have several days to study for tests.
- The lecture videos will be available by Feb 14. So you could start early if you wished.

Suggested 5-week Schedule May 15-June 21:

- **For students who want BOTH Organic I AND Organic II during the same summer.**
- Basic time frame for this suggestion: May 15-June 22 (~5 weeks) for Organic I, then June 22-August 1 (~5 weeks) or Organic II.
- **Starting sooner would sure help!**
- If you drag beyond 5 weeks for Organic I, it will only leave you less time for Organic II! ☺
- Note: Completing both courses in <11 weeks requires a very serious commitment and a lot of time. I estimate an average of ~32 hours-per-week is an appropriate time allocation.
 - In other words, completing both Organic I and Organic II while also working fulltime at a job is not going to work! ☺

	Using 50-minute MSUM Kaltura Videos https://collaborate.mnstate.edu/public/blogs/jasperse/online-organic-chemistry-courses/online-organic-chemistry-i-350-summer/ or classic: http://web.mnstate.edu/jasperse/Online/Lectures350online.html
Test 1 Thursday May 29	<ul style="list-style-type: none"> • Lectures 1-10a • Finish lectures/ACHIEVE by/before Monday, May 26 • Digest/Practice/Integrate Tues+Wed
Test 2 Monday June 9	<ul style="list-style-type: none"> • Lectures 10a-22a • Finish lectures/ACHIEVE by Thursday, June 5 • Digest/Practice/Integrate Fri+Sat+Sun
Test 3 Tuesday June 16	<ul style="list-style-type: none"> • Lectures 22-29b • Finish lectures/ACHIEVE by Thursday, June 12 • Digest/Practice/Integrate Fri+Sat+Sun
Test 4 Wednesday June 25	<ul style="list-style-type: none"> • Lectures 30-38 • Finish viewing lectures by Sunday, June 19 • Digest/Practice/Integrate Sun+Mon+Tues (hard one)

Notes on the 5-week schedule:

- On this schedule you might routinely be going through three lecture videos (hour-long) per day, plus reviewing them and doing ACHIEVE homework. You likely need to be using weekend time.
- The lecture videos will be available as of Feb 14. So you could start early if you wished.
- Starting early, by Monday May 12, or preferably week(s) before that, would relieve some pressure.
