StudyMate 2.0 <<http://www.respondus.com/products/studymate.shtml>>

StudyMate is a program that enhances student learning by creating a series of tutorials in a game format. By entering one set of questions, *StudyMate* will create Flash based tutorials in up to ten different game formats. The game formats are:

- **Fact Cards**
- **Fact Cards Plus**
- **Flash Cards**
- **Pick a Letter**
- **Fill In The Blank**
- **Matching**
- **Crosswords**
- **Quiz**
- **Challenge**
- **Glossary**

Questions for *StudyMate* activities may be imported from Word documents, rich text format (.rtf) documents, text (.txt) documents, IMS QTI, and Respondus documents. *StudyMate* is compatible with D2L, Blackboard, WebCT, eCollege, ANGEL, and other elearning systems. *StudyMate* can be also be used with test bank questions provided by many textbook publishers.

Instructional applications for *StudyMate*:

- To help students learn vocabulary and terminology;
- To help students master simple and complex concepts;
- To make any drill and practice exercise more fun and challenging.
